

La collezione "I Classici" di Pigoli rappresenta quanto di meglio possa essere proposto oggi in tema di imbottiti di qualità, per arredare le case più eleganti e signorili, con la certezza di una scelta assolutamente rispettosa della migliore tradizione dell'interior design di categoria superiore.

Divani, poltrone ed elementi di seduta componibili a formare le più diverse configurazioni, sono progettati e realizzati con tecniche costruttive di alto artigianato, con materie prime selezionate e rivestimenti di grande pregio in un campionario sempre aggiornato e ricco di alternative prestigiose.

Ogni modello viene presentato a catalogo secondo un'ampia e qualificata scelta fotografica per una soluzione quanto più possibile aderente al gusto e alle aspettative di ogni singolo cliente.

The Collection "I Classici" by Pigoli represents the best of high quality padded items to furnish the most elegant and refined houses. A choice respectful of the best tradition of first class interior design.

Sofas, armchairs and matchable seat elements can create a wide range of compositions. They are designed and produced with high standard handicraft techniques, with selected raw materials and precious upholstery. Pigoli's pattern book is always updated and rich with prestigious proposals. On the catalogue each model is introduced with a wide choice of pictures for solutions close to the customer's taste and expectations.

- * Also available in the bed version, without aesthetic changes.

Nozioni_tecniche

La produzione di ogni articolo originale delle collezioni PIGOLI é caratterizzata dai più alti standards qualitativi, tipici della migliore lavorazione artigianale che prevede l'impiego esclusivo di materie prime selezionate, garantite nell'affidabilità tecnologica per assicurarne una lunga durata nel tempo. Ecco le più importanti caratteristiche, riscontrabili in ogni modello:

- Struttura portante in legno massello
- Molleggio a molle biconiche in acciaio e cinghie elastiche di supporto e tenuta indeformabili
- Imbottiture di sostegno interne e braccioli in poliuretano a quote e densità differenziate
- Cuscini schienale e seduta dotati di fodera bianca in cotone 100% e imbottitura a settori separati in piuma naturale, con inserto di sostegno in poliuretano oppure in poliuretano indeformabile a quote differenziate. La piuma utilizzata è garantita da Assopiuma.
- Ampia scelta di rivestimenti in tessuto o pelle disponibili a piacere nel ricco campionario o, eventualmente, con materiali forniti dal cliente.

Technical specifications. Any original product processing by PIGOLI complies with the highest possible quality standards, unique and typical of any traditional handicraft processing technique: only exclusively selected raw materials are used, guaranteed by a consistent technological reliability, to last in time. The leading features in any model mainly are:

- A self-standing solid wood structure
- Biconical steel springs and supporting and tight belts, which keep their shape in time
- Internal upholstery and polyurethane foam arms in different thickness and density
- Back and seat cushions covered with a 100% white cotton lining. Natural down with separate section padding with supporting insert in polyurethane foam or in shape-retaining multi-density polyurethane foam. Down guaranteed by Assopiuma.
- A wide range of fabric or leather covering, in the many materials available in the company collection or possibly any customer own material.
